   b. Click Change Employee.

![Image of the Expense Report interface showing the steps to change employee name]
c. Select the name of the employee for whom you are proxy from the Employee Search window that appears.

   ![Expenses Supervisor Selection](image)

**Notes:**

- If the Expenses Supervisor is not displayed, you will need to print the Expense Report, have it signed by the Expense Supervisor, scan it, and include as an attachment to the Expense Report for submittal.
- A number will appear in the Expenses Supervisor field. This number represents the employee record number in myHR.
5. Scan and attach receipts and other supporting documentation in the **Attach Receipt** field.
   a. Be sure to attach your receipts in the Attach Receipt field in the General Information section and not through the Attach Receipt function on each expense line.

The same process can be used for Airfare – you only need to enter one line for roundtrip airfare.

5. Click Update Details. This will take you to the line information.
Step 3: Enter Expense Report Line Details for New Expense

Expense Entry Screen

This example shows 2 expense lines for 2 expense transactions.

**Domestic-Group Meal (Attendees) Expense Type**

- A group meal is used whenever reimbursing the employee for more than just their own meal.

- This type of Expense report requires the Name, Company and Title of each person who were part of the group meal.

**Steps:**

1. Enter the Expense Date.
2. Select Expense Type by clicking on the magnifying glass.
   - **Expense Type** categorizes expenses as they relate to the ChartField Account.
   - The Expense Type search will default to *Frequently Used* expense types, or you can click on *All Types* to use a search function to find the Expense Type that you need.
3. Enter a **Description** explaining the details for this expense.

2. Enter the Number of Nights stayed in the hotel for that expense line.
   a. Hotel stays can be aggregated to one line or broken out for each day.
   b. Each unique hotel stayed in must have at least one expense line.

Note: If the Domestic or Foreign Hotel/Motel was directly applied to / paid from a chart string, please see Non-Reimbursable Expenses.

Domestic or Foreign Private Auto Mileage Expense Line

Domestic or Foreign Private Auto Mileage Policy:

- Mileage reimbursement covers fuel, insurance, and vehicle wear and tear; these expenses may not be claimed separately.
- The mileage Rate is updated in NUFinancials annually by Northwestern administration based on the Federal Mileage Rate and corresponds to the Expense Date.
- When attaching proof of mileage, you may use Google Maps, MapQuest, or Yahoo Maps to calculate mileage.
- Please attach only the page that shows (in text) the names of the start and end points as well as number of miles driven.
Steps:
1. Select Domestic or Foreign Private Auto for the Expense Type and enter the Description.
2. Enter the number of Miles for the trip.
   a. This may be a round trip figure.
   b. Mileage must be entered in whole numbers only.
3. The Amount will automatically populate.
Step 4: Review or Edit Accounting Details (chart string)

You can review or edit your accounting details at the expense line level for the following instances:

- If you didn’t enter your chart string in Accounting Defaults found on the General Information screen.
- To update the Account Code (If you are expensing for a Grant chart string or you entered “Other Expense” for Expense Type). See Appendix B for the list of Expense Types with default Account codes.
- To enter the Project and Activity codes. This can be done through the Project ChartFields tab.

1. Click Accounting.

   a. Enter Fund, Dept, Project, and Activity.
   b. Scroll to the right to view and if necessary, change the Account.
   c. To add additional chart strings to your expense line in the event the expense transaction needs to be split between two chart strings, click the + button next to the ChartFields line.
      i. If you add a chart string, enter the Amounts to be allocated to each chart string.

2. Click Done.
Step 5: Exceptions

Non-Reimbursable

This functionality is used for both personal expenses as well as non-reimbursable expenses.

- If there is an inadvertent personal charge on a Northwestern Corporate Card, reconcile the charge on an Expense Report and have the individual write a check to Northwestern University. The check and the Expense Report number should be sent to Accounts Payable.

- If a family member is included in a travel expense, split out the amounts on the Expense Report using the Split Receipt function and only request reimbursement for the Northwestern employee.

- If you purchase airline tickets through Egencia, they are charged directly to a chart string. The employee is not reimbursed for the amount of the tickets. Therefore, you would mark this as “Prepaid by Northwestern”. Example:
It will appear as “Non-Reimburse” on the summary page.

**Note**: Egencia is Northwestern’s preferred online travel booking tool. Northwestern’s partnership with Egencia streamlines your travel booking process and helps to manage travel costs and reduce transaction fees.

**No Receipt**

If you do not have a receipt:

1. Select the **No Receipt** field.
2. Enter an explanation in the **Description** field.
3. Attach the Expense Policy Exception Request to the **General Information Attach Receipt** field.
Receipt Split

Use this option to separate charges on the same receipt in separate expense line items. For example, a Hotel/Motel receipt may include room charges, as well as room service or dinner at the Hotel restaurant. This offers a quick way to expense each of those lines.

1. Complete fields for General Information: Business Purpose, Description, Expenses Supervisor, Accounting Details. You can attach your receipts here if you like, as well.
2. Click Add Expense.
3. Enter Date, Expense Type, Description, Payment, and Amount.
4. Click Receipt Split.
5. Click the + above Date to add another line.
6. Enter the Date, Expense Type, Description and Amount in the new line.
   a. If this is Non-Reimbursable expense, select Yes.
7. Click Done. This will take you back to the Expense Entry screen. Complete each expense line accordingly.
Note: Additional Personal Expense Option: Select Non-Reimbursable on Expense Entry sheet to add manually for each expense (ex. Pre-paid expenses through Northwestern’s Travel Services).
Step 6: Review and Submit

1. Click **Save** in the upper right corner.
   
a. You must complete the **General Information** section and enter at least one expense line to save without error.

2. Click **Review and Submit** in the upper right corner.

An Expense Report summary will appear.

3. **If** you entered any foreign travel related expenses, a message will appear below Budget Status.
   
a. Click the **Foreign Travel Dates** link.
b. Complete the Foreign Travel Dates window until Balance is 0.00.
   
i. Enter the Country and City where the foreign expense was incurred.
   
ii. Enter the dates (consecutive) that you were in the foreign country and city by clicking the Date From and Date To calendar icons and selecting the dates. The dates (consecutive) you select should include the full length of stay in the city, not just the dates when you incurred an expense.

   **Note:** if you were in the same city twice over two different consecutive dates and incurred expenses, enter each set of consecutive dates/expenses separately. For example, if you flew in to Frankfurt August 1 and stayed overnight, then went on to Prague and stayed over 2 nights, and then returned to Frankfurt and stayed overnight, and then flew out the next day you returned, you would enter 3 sets of dates:
   
   1. Frankfurt August 1-2
   2. Prague August 2-4
   3. Frankfurt August 4-5

iii. Enter the total amount in U.S. dollars of expenses you incurred in the foreign city.

   **Note:** If you incurred more than one expense for a given foreign city in consecutive dates, add the expenses up and enter the total expense. The total USD amount you allocate in Foreign Travel Dates should only reflect the total USD expenses that are “foreign” expense types. This total may not include all the expenses actually spent in that foreign location; e.g., “books” expense should not be allocated to a foreign location even if purchased in a foreign location.

iv. To add more foreign travel country, city, dates, and amounts, click + and repeat steps i - iii.

v. Click Done.
4. To make changes to your Expense Report, click **Update Details**.
   a. This will take you back to the Expense Entry page.
   b. Once all details have been updated, click **Review and Submit** in upper right corner.

![Expense Report Image]

5. Once back on the Expense Summary page, click **Budget Validation**.
   a. Ensure Budget Status is **Valid**.
   b. If you get an error on the Budget Validation Status, review the following link for more information on the error: [http://www.it.northwestern.edu/admin-systems/nufinancials/Errors.html](http://www.it.northwestern.edu/admin-systems/nufinancials/Errors.html).

6. If the user does not have an ER supervisor set up in the system, a **Printable Version** of the Expense Report should be printed and signed by the Expense Report supervisor. To access the Printable Version of the Expense Report Click **View Printable Report** in Additional Information.

![Printable Report Image]
A new window with the chart string information will open.
7. Click **Submit**.

8. A certification statement appears. Click **Submit**. *(This is your electronic signature, certifying the accuracy of the Expense Report.)*

9. A Summary of all your Expense Reports will appear. Click either **Returned**, **Not Submitted**, **Awaiting Approval**, or **Pending Payment**, on the left side to view your Expense Reports.

**Notes:**
- Sponsored Project Expenses - F&A will not be applied to these expenses until they have been completely approved.
- You can withdraw an expenses report after submission, but only before any approvals have been applied.
Step 7: Searching for Existing Expense Reports

1. Navigate to Employee Self-Service > Travel and Expenses > Expense Reports > View.
2. Enter a Search Criteria. Click Search.

Note: If you do an open search, the results will include all expense reports for all employees for which you are a proxy.

3. From the results, select the expense report that you want to view.
Deleting an Expense Report

1. Log in to NUFinancials > Employee Self Service
2. Click the Expenses tile.

3. Click My Expense Report.
4. Click on the down arrow of the Expense Report you want delete.

5. Select **Delete Report** under ‘Actions’.

6. Click **Yes** to this box.

7. You will receive a confirmation at the top of the page that the Expense Report has been deleted.
Review Expense Report Policy

Expenses reports are used to reconcile transactions made by employees. These expenses may be out of pocket expenses (cash or personal credit card), expenses charged to the Northwestern Corporate Card, and prepaid expenses such as airfare and hotel charges paid through Northwestern Travel Services. Always refer to Expense Report Policy and Procedures for further detail on Expense Report policy.

Out of Pockets expenses
- List all expenses on the Expense Report and attach receipts and/or other supporting documentation.
  - If you are missing a receipt, indicate so on the report and complete the Expense Policy Exception Request.
- In an Expense Report, you will choose Cash/Personal Credit Card as the payment.

Northwestern Corporate Card expenses
- For charges to the Northwestern Corporate Card, review the charges in My Wallet for accuracy of the Category before transferring the expenses into the Expense Report (NUFinancials > Expenses tile > MyWallet).
- You can change the Account code after the transaction is in the Accounting area.
- You should always transfer in My Wallet charges and not re-enter them in an Expense Report.
- If you delete a My Wallet charge from an Expense Report, it will return to My Wallet to be reconciled at a later date.
- You should attach receipts from Northwestern Corporate Card purchases to the Expense Report.
- In an Expense Report, Northwestern Corporate Card will default as the payment and it cannot be changed.

Pre-paid expenses
- You have the option to list pre-paid expenses on an Expense Report (to reflect the full cost of the trip).
- Select the Payment Type “Prepaid by Northwestern”, which automatically marks the field Non-Reimbursable = Yes in the Exceptions section. The expense will then be excluded from the total reimbursement amount.

Personal expenses
- The Non-Reimbursable field functions as both a personal expense and as a non-reimbursable expense.
- If there is an inadvertent personal charge on a Northwestern Corporate Card, reconcile the charge on an Expense Report and have the individual write a check to Northwestern University. The check and the Expense Report number should be sent to Accounts Payable.
- If a family member is included in a travel expense, split out the amounts on the Expense Report using the Split Receipt function and only request reimbursement for the Northwestern employee.
Appendix A – Per Diem

- Per diems are permissible for meals and incidental expenses (M&IE) for authorized business travel. For M&IE, the reimbursement method selected must be used for the entire trip and should be established ahead of the trip.
- The employee’s travel location determines the maximum per diem reimbursement rate.
- Incidental are small items like a snack, bottled water, pen and notebook.
- Ask your department if they allow Per Diem.
- Per Diem Reimbursement Methods:
